

Your project checklist.

Once you know what R-value you want to achieve, you're ready to get your bags of Greenfiber. But before you head out, make sure you have the rest of the things you'll need to get the job done.

Gather all your insulation materials:

- Bags of Greenfiber
- Blower machine and hose
- Tarp
- Heavy-duty 12-gauge extension cord
- Safety eyewear
- Particulate mask
- Measuring device
- Soffit vent chutes (if needed)
- Soffit baffles (if needed)
- Metal barrier material for heat sources (if needed)
